# Student Transportation Policy

Students who are of legal driving age and have parental permission may drive themselves to and from program activities, subject to the following conditions:

1. Adequate parking is available at the venue.
2. Students must remain on the premises for the full duration of the activity unless otherwise approved.
3. Students must retain possession of their car keys at all times.

If a student needs to leave the premises for any reason, a chaperone **and** the student's parent/guardian must be informed in advance. If a student leaves the premises without notifying a chaperone, the student will be considered to have voluntarily withdrawn from the activity and will not be permitted to return.

By allowing my student to drive to and from activities, I acknowledge that transportation is not supervised by the program/parish. I accept full responsibility for my student's transportation, conduct, and safety while traveling to and from the activity. I hereby release and hold harmless the program, parish, chaperones, employees, and volunteers from any liability arising from my student's independent transportation or decision to leave the premises.

**Acknowledgment**

By signing below, I confirm that I have read, understand, and agree to the policy outlined above.
